

## Furniture Systems

sorting units and shipping stations that integrate seamlessly with Neopost and Hasler mailing systems and document handling equipment. The furniture is constructed of heavy-gauge steel and built to withstand the everyday rigor of the busiest inbound and outbound mail center. Tabletops are finished with strong laminate to withstand heavy loads and high impact.

**NEOPOST CUSTOM FURNITURE:** Neopost USA offers custom cabinet and console configurations that are specifically designed to support easy range-of-motion access to Neopost USA document handling and mailing systems while making efficient use of valuable mailroom space. Configurations are available to support system monitors, label printers, mobile weighing platforms, letter trays, peripherals and supplies.

See Neopost's listing in these other sections: *Address/Barcode Printers; Addressing Accessories; Database/Postal Software; Document Printing Software; Folding Machines; Inserter Mailing Systems; Inserter Feeders; Mail Accounting Systems; Mail Openers; Parcel/Mailbox Lockers; Postage Meters; Scales; Shipping Management Systems; Tabbing Systems; and Tracking/Receiving Systems.*

## Incoming Mail Sorters

*NPI Omega Mixed Mail Sorter (l) and Omega Letter Sorter*

## § NPI

**CATEGORY:** Incoming Mail Systems

**PRODUCT:** NPI's Incoming Automated Mail Sorters

**COMPANY:** NPI, 14901 Trinity Blvd, Fort Worth, TX 76155. Key Contact: Michelle Benker. Phone: 888-821-SORT.

**NPI BARCODE SORTERS:** These sorters can be configured to sort incoming mail pieces. With database-driven incoming software, customers can process time-sensitive incoming mail such as lockbox operations and remittances, reducing cycle times and labor costs. Sort information is retrieved from a database and downloaded to the sort computer to target key fields. Interoffice mail can also be distributed more efficiently using inter-office software.

**CONTACT:** For more information, call 888-821-SORT or email [sales@npisorters.com](mailto:sales@npisorters.com).

## § Pitney Bowes Inc.

**CATEGORY:** Incoming Mail Sorters

**PRODUCT:** Vantage™ Sorting Solution, VariSort™ Mixed Mail Sorting Solution, EZ-Flats™ Pro, OneSort® Pro

**COMPANY:** Pitney Bowes Inc., 3001 Summer Street, Stamford, CT 06926-0700. Tele: (877) 406-7704. Web: [PitneyBowes.com](http://PitneyBowes.com)

**VANTAGE SORTING SOLUTION:** The Vantage Sorting Solution is Pitney Bowes' state of the art, high-powered multi-application system

*Pitney Bowes Vantage Sorting Solution*

with industry-leading throughput and efficiencies for both outbound and inbound mail. The Vantage offers exciting capabilities such as high-speed inline weighing of both letters and flats as well as high-speed in-line metering. The in-line metering function eliminates the need for manual metering or separating mail, enabling operators to process mail automatically. The Vantage boasts an overall throughput speed of 45,000 pieces per hour. It can handle letters, flats and postcards up to .25" thick. The Vantage comes equipped with Flexline Stackers in two-tier, three-tier or four-tier configurations and is equipped with enhanced features such as double-detection, in-line printing and first-class OCR. The Vantage is powered by Business Logic Processing (BLP) software that facilitates communication, exchange and seamlessly interfaces with virtually any backend system based on client's business rules and operational processing needs.

**VARISORT MIXED-MAIL SORTING SOLUTION:** The VariSort Mixed Mail Sorting Solution automates difficult-to-sort flats – including

Mixed-Mail Sorting Solution**

polywrap, irregular pieces and small parcels. This hybrid sorting solution can sort up to 8,000 pieces per hour and can be customized to include OCR, WABCR, in-line labeler or choice of feeders including an automatic feed station. Other system options include secure separator card machine setup, and accounting, air conditioning for extreme environments, 3DM dimensional measurement

for size-based pricing and tub conveyors. The VariSort is powered by Business Logic Processing (BLP) software that facilitates communication, exchange and seamlessly interfaces with virtually any backend system based on client's business rules and operational processing needs.

**EZ-FLATS PRO:** The Pitney Bowes EZ-Flats Pro sorting system helps identify the largest postal discounts in a single-pass offering a quick return on investment. EZ-Flats Pro is a low-cost entry for a new level of postal discounts and it allows customers to expedite delivery to the USPS without complex logistics or scheduling rules. At speeds up to 2000 pieces per hour, EZ-Flats Pro utilizes a unique software package that scans and directs small parcels for maximum postal discount in a single process. EZ-Flats Pro ensures an intuitive process for complex postal rules and on average, first time operators are up to speed and running

**Pitney Bowes EZ-Flats Pro**

the system within 15 minutes. EZ-Flats Pro captures weight, barcodes and OCR while deciding destination, postage paid and tracking numbers.

**ONESORT PRO:** The OneSort Pro sorter provides a powerful, yet simple solution for dimensioning, data capture and parcel management. This highly integrated sorter provides simultaneous dimensioning, weighing, barcode reading, OCR, image capture and label creation. It can instantly process instructions for labeling, routing, postal documentation, client billing and custom reporting. The OneSort Pro is powered by Business Logic Processing (BLP) software that facilitates communication, exchange and seamlessly interfaces with virtually any backend system based on client's business rules and operational processing needs.

## § Kirk-Rudy, Inc.

**CATEGORY:** Ink

**PRODUCT:** Inkjet Inks

**COMPANY:** Kirk-Rudy, Inc. 125 Lorraine Parkway, Woodstock, GA 30188. Email: sales@kirk Rudy.com. Phone: 770-427-4203.

**DESCRIPTION:** Since becoming an OEM partner with Hewlett Packard in 2009 Kirk-Rudy has become a top provider of HP 45A ink cartridges and bulk supply inks. Kirk-Rudy sells ink for all HP-compatible industrial inkjet printers in the printing, mailing, and packaging industry. KR offers a full range of inks that include but are not limited to HP 2570 Solvent; HP Versatile Black; HP Fast Dry Black; HP 45A Black; HP Spot Colors (Red, Blue, Green, Yellow); HP 1918 Dye Black; HP Bulk Supply; Aqueous inks.

**INKJET CARTRIDGE SOLUTIONS:** KR offers a full range of inks including but not limited to HP Versatile Black; HP Durable Black; HP Fast Dry Black; HP 45A Black; HP Spot Colors (Red, Blue, Green, Yellow); HP 1918 Dye Black; HP Bulk Supply; General Aqueous inks, and Collins ink.

**BULK INK DELIVERY SOLUTION:** Kirk-Rudy's bulk ink delivery system is for high-volume applications that require high-quality results, low cost per print, and infrequent ink supply intervention. This system consists of a 350 ml spill-proof bulk ink cartridge that connects directly to one or multiple pens. It is designed to print 600 dots per inch in applications where high-quality output on porous media is required. The system brings convenience and high-quality printing to industrial markets that need a high-volume ink delivery system.

**HP 2580 BLACK SOLVENT INK:** Introducing the HP 2580: Expand your coding and marking capabilities and extend the productivity of your HP TIJ based printed to coated & non-porous substrates by using HP's new solvent based ink and optimized print cartridge. The HP 2580 is recommended for UV Coated, Varnish, AQ overcoat, BOPP (shrink wrap over magazines), as well as flexible PVC card stock.

**CONTACT:** For more information, call 770-427-4203 or email sales@kirk Rudy.com.

## § MJR Vision

**CATEGORY:** Ink

**PRODUCT:** Managed Print Inks

**COMPANY:** MJR Vision, 38 Southwood Dr., Cherry Hill, NJ, 08003-2950. Phone: 888-824-8606

**DESCRIPTION:** MJR Vision OEM partner of Inc.Jet supports Managed Print program, which improves ease of use and quality of printing. It recognizes the exact ink and cartridge that has been placed into the system and configures the system to maximize performance and print quality. Based on HP TIJ technology Managed Print can assure you that what you need to print is what you get. Porous or Non-Porous inks can be used on variety of different substrates - from paper to plastic. With Managed Print ink in place, every single nozzle in each cartridge is individually checked and the results displayed in a simple format, to help you manage print quality.

**BULK INK SOLUTION:** The 800mL Bulk Ink Holder or 475ml Bottle Ink Holder with Empty Detect Kit is a gravity-feed bulk ink system designed for jet.fuel inks.

**CONTACT:** For more information, call 888-824-8606. Or, circle MJR Vision on the Reader Service Card
