

US-6000 Carton Check-Weigh System

§ Advanced Poly-Packaging, Inc.

CATEGORY: Scales

PRODUCT: US-6000 Carton Check-Weigh System

COMPANY: Advanced Poly-Packaging, Inc., 1331 Emmitt Road, Akron, OH 44306. Key Contact: Paul Orosz. Phone: 800-754-4403. Email: sales@advancedpoly.com.

DESCRIPTION: Accurate shipping is the final checklist item before a package is sent to its destination. Our check-weigh system is accurate within 5 grams. It is designed for cartons 3" x 3" to 18" x 24" and weighing up to 50 lbs that are typically fed from a box taper. The package is weighed on the US-6000, then fed onto a roller conveyor. A pusher assembly pushes the carton that does not meet the desired weight to the gravity reject roller conveyor for further inspection.

FEATURES: Pusher discharge/reject assembly, driven roller exit conveyor (accept) & gravity conveyor (reject), accuracy chart & history, touch screen controlled with over/under/accept display, PLC operated.

CONTACT: For more information, call 800-754-4403 or email sales@advancedpoly.com.

§ Neopost USA

CATEGORY: Scales

PRODUCT: Neopost Scales

COMPANY: Neopost USA, 478 Wheelers Farms Rd., Milford, CT 06461. Phone: 800-NEOPOST (636-7678).

ISWP-10/30/70: The ISWP-10/30/70 weighing platforms connect to any Neopost IN-Series mailing machine. Ready to use out of the box, users can easily install the scale with no calibration needed. By adding the differential weighing option, which weighs each piece as it is removed from the stack on the platform, mailing operation efficiency is further increased.

§ Neopost USA

CATEGORY: Shipping Management Systems

PRODUCT: Neopost Solutions

COMPANY: Neopost USA, 478 Wheelers Farms Rd., Milford, CT 06461. Phone: 800-NEOPOST (636-7678).

EMS: Whether you manage a mail center or ship packages, Neopost's Enhanced Mailing & Shipping (EMS) technology enables you to mail and ship packages quickly, efficiently and economically. Neopost EMS powerful analytics offer many tools to manage cost and analyze your company's mail and shipping operations and pinpoint incorrect addresses, lost packages and identify where money is being wasted. The address correction feature eliminates many of the problems that lead to returned and misdirected deliveries, delayed deliveries and address correction fees. Additionally, Neopost EMS helps you manage and allocate costs by account, carrier, special service and operator productivity. Neopost EMS provides support for complete company identities, allowing the shipper to process for multiple divisions, clients or customers. This powerful feature creates a separate return address and discrete billing, based on carrier account numbers, which saves accounting time and increases accuracy. It is indispensable for separate entity support to third-party logistics providers (3PL).

EMS KEY FEATURES: Multi-level accounting features enable users to assign and manage mail processing and package shipments as well as align cost to the appropriate department. Automatic fuel surcharge calculations eliminate any hidden carrier charges. Email notification for shipped, delivered or late deliveries. International mail advisor ensures shipments meet all rules and regulations for international deliveries. Best Way provides domestic and international rates for comparing rates and services levels. Online tracking for delivery status and signature capture.

ESS: Neopost's Enterprise Shipping System (ESS) is a one-of-a-kind cloud-based shipping application that enables users to make smart shipping choices. Manage the cost and activity of employees across the enterprise wherever a package can be generated with a single simple user interface. The functionality allows users to choose a carrier at the best price and create shipments straight from their desktop—no matter where the user is located. With ESS's Cloud technology, companies avoid the expense of licensing fees, installing software, the need to invest in hardware, maintenance and IT support.

ESS KEY FEATURES: Single sign-on (optional); No restrictions on number of users or sites; Cloud-based shipping directly over the Internet; No local software to install; Easy-to-use intuitive user interface; Corporate and local address books; Automated address correction; Compare DHL, FedEx, UPS, USPS packages services; Advanced shipment email notifications; Online package tracking; Centralized reporting; Allocate costs by account or cost center for every shipment.

PROSHIP BY NEOPOST: Designed with the large volume, enterprise parcel and LTL shipper in mind, ProShip Software Suite by Neopost offers some of the industry's fastest carrier rating engines and integrates seamlessly with host systems. Dedicated to providing exceptional customer service, technology expertise and support, ProShip is both USPS MAC and eVS certified and focuses on three key areas: speed, compliance and support. This focus allows the latest parcel, USPS and LTL carrier services to be incorporated into shipping operations, thus offering shippers true choice to manage the right service for the right shipment at the right time.
