data silos and powerfully centralizes information across an enterprise while enabling employees to send packages and mail — even certified mail — from any location with ease. Customers gain full control and visibility into their shipping and mailing operation by

identifying spending-levels with each shipping carrier and sender to better control cost and eliminate overspending. Additional enterprise-level features include single-sign-on, cost accounting, and detailed analytics, plus it's equipped with a side-by-side rate shopping tool that gives senders access to choose the rate, delivery mode, and delivery date that best fits their needs. *To learn more about SendPro Enterprise, visit us at [pitneybowes.com/us/spe](http://pitneybowes.com/us/spe).*

**SENDSUITE® TRACKING ONLINE:** This is a cloud-based solution that streamlines the logging, tracking and managing of incoming packages and important mail. By simply scanning the barcode, critical shipping and mailing information like carrier, tracking number, sender and recipient will automatically populate within the system, giving you better visibility of your incoming packages and mail. SendSuite Tracking Online defines new standards for precision and accuracy, helping you meet the demands of today's complex and interconnected world of commerce while eliminating time-wasting searches and improving customer satisfaction. *For more information, go to [pitneybowes.com/us/ssto](http://pitneybowes.com/us/ssto).*
